WOMEN IN CAREERS
WIT VIRTUAL CAREER FAIR

Date:
February 6, 2021

Time:
10:00 am – 3:00 pm

Event:
The first ever WIT Virtual Career Fair where attendees will have the opportunity to live text and video chat with various companies throughout the state of Georgia.

Purpose:
The purpose is to give our incredible members access to job, networking, and internship opportunities throughout the state. It also gives our sponsors the ability to host one-on-one conversations with hundreds of our WIT Campus, WIT Young Professionals, and WIT Women in Careers members.

ABOUT WOMEN IN TECHNOLOGY

Women in Technology (WIT) empowers girls and women to excel in science, technology, engineering, the arts, and math (STEAM) from the classroom to the boardroom. We do this by providing female students in middle school, high school, and college with education, exposure and experience. By sharing the stories of successful professionals across the STEAM fields, we encourage all generations of girls and women to write their future. Our team of more than 250 volunteers delivers professional development and networking opportunities to our more than 14,500 professionals, and programs at no charge to more than 2,450 students. WIT is a 501(c)(3) non-profit organization and we are committed to making Georgia the state with the highest percentage of women in the STEAM workforce by partnering with our community to provide opportunities that champion women throughout their education and career.
